

# SOLAR POWERED VENTILATING SYSTEM

**SUMMER**  
Ventilating Hot Air  
AND  
**WINTER**  
Extracting Moist Air

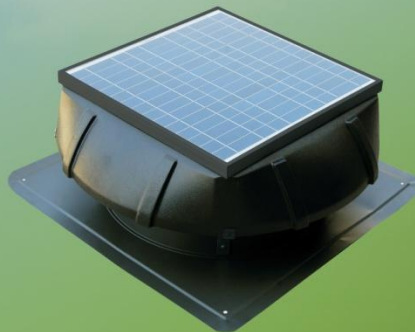

100% Solar Powered • NO Electricity • NO Wiring

## RESIDENTIAL MODERN

### 12-INCH RESIDENTIAL

- High-Power 14-Watt Solar Panel
- High-Power, 38V DC Motor, 800+ CFM & Thermal Control
- Three (3) Level Adjustable Solar Panel Positioning
- All-Weather, Durable, UV Protected ABS Composite Shroud Cover
- Zincolume Alloy-Coated Roof Flashing Base

## INDUSTRIAL GRADE

### 20-INCH INDUSTRIAL

- ULTRA-EFFICIENT 30-Watt Solar Panel
- INDUSTRIAL-GRADE, 38V DC Motor, 1200+ CFM & Thermal Control
- Full Metal Tri-Fan-Blade Design For Maximum Air-Flow
- All-Weather, Durable, UV Protected ABS Composite Shroud Cover
- 28" Zincolume Alloy-Coated Roof Flashing Base

## COMMERCIAL APP.

### 20-INCH COMMERCIAL

- UPER-POWER 30-Watt Solar Panel
- COMMERCIAL-GRADE, 38V DC Motor, 1000+ CFM Continuous Operation
- Full Metal Tri-Fan-Blade Design For Maximum Air-Flow
- All-Weather, Durable, UV Protected ABS Composite Shroud Cover
- 28" Zincolume Alloy-Coated Roof Flashing Base
